

THE AMERICAN CERAMIC SOCIETY
Electronics Division

Connect with your industry.

WHO IS THE ELECTRONICS DIVISION?

As one of 11 Divisions of The American Ceramic Society, we focus on electronic materials and devices by exploring emerging areas in nanoscience, energy, and electronic composites.

WHAT'S IN IT FOR YOU

- Connecting with industry professionals
- Meetings, symposia, and related events to stay current
- Access to member resources and industry publications

- Leadership development opportunities
- Awards and recognition
- Access to peer-reviewed journals
 - › **Journal of The American Ceramic Society**
 - › **International Journal of Applied Ceramic Technology**
 - › **International Journal of Applied Glass Science**
 - › **International Journal of Ceramic Engineering & Science**

➤ ceramics.org/ediv

WHO IS ACERS? We are an international society serving the engineered ceramic and glass industry with more than 10,000 professional and student members in 70 countries.

Electronics Division

...HELPS YOU EXPAND
YOUR NETWORK
IN YOUR INDUSTRY

Flagship meeting

ELECTRONIC MATERIALS AND APPLICATIONS (Co-organized with Basic Science Division)

- Intimate setting allows for effective networking
- International perspective—32 countries represented
- Collaborate with other electronics industry researchers
- Present research in symposia or poster sessions
- Student awards recognize rising stars in research

GIVING BACK

- Student recognition and travel support
- Leadership and committee positions

PEER RECOGNITION

- Edward C. Henry Award
- Lewis C. Hoffman Scholarship
- Student Presentation Awards
(judged at EMA conference)

BUT DON'T TAKE OUR WORD, LISTEN TO WHAT OUR MEMBERS ARE SAYING:

"The greatest benefit...from membership in the electronics division is networking with other members, particularly at the Conference on Electronic and Advanced Materials meeting. In particular, students are of great importance to our division."

— **Geoff Brennecka, Colorado School of Mines**
